

Risk Assessment

Participants will study a programme of risk assessments that can assist in the prevention of injuries, fatalities, property damage incidents and other losses. This not only helps to prevent human loss and suffering but also assists the effective management and finance of any business or organisation.

Upon successful completion of the course participants will receive a a CIEH certificate.

Duration: 1 day
Equipment: None

The course includes:

- Legislation
- Principles of risk assessment
- Prioritising risk
- Controls and monitoring controls
- Documentation
- Risk assessment in Practice
